XTRABOND™ 25

ACRYLIC LATEX SEALANT

HOW TO USE:

For best results, prepare clean, dry surface. Cut nozzle to desired bead size and puncture inner seal. Apply with a caulking gun, forcing sealant onto the substrate, then tool if needed. Bead can be painted within 2 hours depending upon bead size. Clean excess material with water. It is the user's responsibility to thoroughly test any proposed uses with any and/or all substrates.

COLOR:

White.

Custom colors available upon request.

PACKAGING:

10.1 fl oz cartridges: Fixed-Tip Nozzles

STORAGE LIFE:

Material is to be stored under controlled dry environment (below 75 deg. F.) Use within 12 months from date of manufacture.

LIMITED LIFETIME WARRANTY

This product is guaranteed to give satisfactory performance if applied in accordance with the label directions. Liability to Premier Industrial Supply, Inc. (Premier) is limited to a full refund of the purchase price or product replacement if product is proven defective. Premier shall not be liable for loss or damage, whether direct, consequential or incidental. There are no other warranties expressed or implied including the implied warranty of merchantability or fitness for a particular purpose.

WARNING

This product contains chemicals known to the state of California to cause cancer, birth defects and/or reproductive harm.
